6. OTHER INFORMATION:
Tea market report 23 - 27 April 2018

With ever increasing auction figures, one would expect a market to ease in a straight line. It did not happen in Mombasa where all PF1s traded firm to dearer without any exception. Because most other grades experienced a softer market, the general trend was downwards. In the end 15% of the teas remained unsold while Cargill again took the number one position at the buyers list..
